

<b>Wesley LeMahieu</b> Senior Software Engineer Las Vegas, NV	<a href="mailto:SoftwareWes@gmail.com">SoftwareWes@gmail.com</a> 310-408-5850 <a href="#">Portfolio</a>   <a href="#">GitHub</a>   <a href="#">Angel</a>   <a href="#">LinkedIn</a>
---	---

## Summary

An empathetic & effective communicator, team leader, team player and constant learner. Bringing a multitude of software development experiences from different industries over the past 14+ years. A consistent demonstrated ability to learn, pivot and deal with frequent ambiguity.

## Achievements

Maintained legacy medical infrastructure and two consumer apps in use by hundreds of doctors and thousands of patients for a major California-based mental health practice.

Helped develop and transition a social media analytics platform used by major brands such as CNN, Fox, NFL & Nike into a new parent company.

Created a multi-faceted, award-winning, BI workflow management application at Media Temple to bolster the company's industry-leading service reputation.

## Skills

React.js, Next.js, Typescript, Javascript, GCP, (Run, App Engine, Functions, Build, IAM, Firestore, Scheduler, Storage, Tasks, SQL, Memorystore, Monitoring, Identity Platform), HTML, CSS, DNS, SDLC, REST APIs, MySQL, PostgreSQL, Query Optimization, Serverless & Microservice Architecture, Troubleshooting, CI/CD, SEO, State Management (Redux, Zustand, Recoil), Node.js, Express.js, Three.js, R3F, Redis, Websockets, Socket.io, Cloudflare Tools, Agile, Git, Test Coverage, Unit Testing, Jest, Mocha, React-Testing-Library, ESLint, Prettier, JWT, CSRF, YAML, SSR, Firebase

## Experience

### Senior Software Engineer

**Crystal Bay Software**

San Francisco, CA (*remote*)

Jan 2020 - Apr 2023

Utilized a wide spectrum of Google Cloud Platform services, scaling techniques and CI/CD build processes in order to maintain crucial mental health legacy software. Building features, fixing bugs and consulting with the client helped turn a 1-year expected EOL into 3 years.

## **Software Engineer**

**Conviva Ltd.**

Foster City, CA (*remote*)

Dec 2018 - Jan 2020

An integral part of an engineering team that transitioned the Delmondo social media analytics platform into Conviva's platform.

## **Full Stack Software Developer**

**Delmondo Inc.**

New York, NY (*remote*)

Dec 2016 - Dec 2018

A major part of an engineering team that developed a cutting-edge social media analytics platform for major global brands like NFL, CNN, Fox & more.

**MediaTemple Inc.**

Culver City, CA (*hybrid*)

## **Business Systems Engineer**

Jan 2010 - Jul 2016

Created a workflow management business intelligence app to help customer support teams & management achieve business objectives.

## **Customer Service Floor Supervisor**

Nov 2011 - Jan 2013

Mentored dozens of customer service representatives, handled difficult escalated phone calls & triaged complex web app/hosting issues to meet competitive SLAs.

## **Customer Service QA Manager**

Nov 2010 - Nov 2011

Mentored a small group to create guidelines for acceptable customer service procedures in order to help support agents and to ultimately bolster Media Temple's reputation for high-quality human support.
